

Join the Acden Team!

We pride ourselves on offering our employees a dynamic, rewarding and healthy work environment. If you are looking for diverse experience and an opportunity to grow within your role and the company, Acden is for you.

As a leader in sustainable development, we are constantly looking for innovative ways to create value through environmentally responsible energy development. We encourage our employees at every level to share ideas on how to improve the corporation and minimize the impact we leave behind.

At Acden, you will be given the tools and support to make meaningful contributions to your career and to your company. You will also become a part of a corporation that believes in productivity coupled with balance and that wants their employees to succeed in all aspects.

Join us today!

With 18 companies and over 3000 employees, Acden is one of Canada's largest Aboriginal companies.

Acden Lemax Machining and Welding Incorporated has over 30 years of experience in Fort McMurray, not to mention the largest and most established machine shop in Northern Alberta. We deliver a wide range of solutions for the oil sands industry with the capabilities to engineer, fabricate and install projects of all sizes.

Our Machining and Fabrication services are provided in conjunction with our partner Empire Industries Limited, one of the largest companies in Western Canada providing steel solutions for complex and large-scale structural projects. Drawing resources from Empire's subsidiary companies, we have the capability to tackle the largest, most complicated and challenging steel projects in any industry.

Field Machinists
Competition #: AL-2016-073

We are currently accepting applications for **two (2) Field Machinists**. These positions will support our Oil Sands clients. The shifts will consist of 12 hour day shifts, 7 days on, 7 days off rotation. However, hours, location and schedule may change due to operational requirements. This is a local position in the Fort McMurray region.

Duties and Responsibilities:

- Read and interpret blueprints, drawings and engineering information in order to determine methods and sequences of operations needed to fabricate products.
- Operate machine tools such as: Horizontal boring mill, conventional type mill, lathes, surface grinder, radial drill and portable align boring equipment.
- Operate metal shaping machines, such as brakes, shears and other metal straightening and bending machines.
- Repair worn parts of metal products.
- Attend toolbox talks and safety meetings as scheduled.
- Actively participate in the shop safety program and maintain strict adherence to OH&S guidelines.
- Additional duties as they may arise that would fulfill the mandate of providing excellent service to the client.

Qualifications:

- **Minimum of 5 years proven Field Machining experience.**
- **Journeyman Machinist.**
- Valid Class 5 Driver's License with a clean operator's abstract.
- Ability to concentrate on detailed work for long periods; including strong vision and hand-eye coordination.
- Ability to complete all work in compliance with Alberta legislation, regulations and site policies and procedures.
- Knowledge of metals, relevant product codes, regulations and laws.
- Knowledge of applied mathematics (e.g., fractions, measuring) and geometry.
- Must be able to work from heights or confined spaces.
- Developed organizational and communication skills, both written and verbal.
- Intermediate computer skills and initiative to keep up to date with changing technology.
- Excellent problem solving and mathematical calculation skills.
- Highly developed interpersonal skills and ability to work harmoniously with a team of a diverse workforce.
- Proven ability to react appropriately in emergency situations.
- Proven ability to work in compliance with Occupational Health and Safety guidelines.
- Must be physically fit to perform all duties of the position including extensive walking, climbing and awkward positions as well as carrying heavy materials (5-50 lbs), while ensuring Personal Protect Equipment (PPE) is used as required.

Pre-Employment Requirements:

- Drug, Alcohol and Audio pre-employment test.
- CSTS & OSSA/ BSO certificates are required.
- Class 5 License with clean Driver's abstract obtained within 30 days.
- Must be eligible to work on all client sites (eligible for all Oilsands Sites within the region).

Additional Incentives:

- Competitive Industry Wage.
- Competitive Benefits.

Interested candidates are invited to **complete an online application** in confidence, along with the competition number (AL-2016-073) to:

Acden Holdings LP

Apply Online: www.acden.com/careers

This competition will close when a suitable candidate is selected.

We would like to thank all who apply; however, only candidates that are being considered will be contacted.

Employment Equity is a factor in selection. Applicants are requested to indicate in their covering letter or résumé if they are from any of the following groups: Aboriginal people (including ACFN, MCFN, FMFN, and Métis), women, visible minorities and persons with a disability.
